

# CHINA CHEMICAL DIRECTORY 2020

**This Directory remains the most authoritative source of information on chemical companies throughout China!**

The market potential for the chemical sector in China is enormous and business opportunities continue to abound. However, unraveling the maze of who's who, and who does what is a daunting task. **Here's the solution you've been looking for.** Published annually, **the China Chemical Directory** has been thoroughly researched, to bring you a completely up-to-date guide to China's ever-changing chemical industry.

**This Directory** has been completely revised and updated from the previous edition. All previous details have been checked and updated and new information added to all sections. **This Directory** will give you an all round view of China's chemical and associated industries. It will be of benefit for all people looking for details regarding the total Chemical industry in China, and will be a valuable reference for those in the

fields of market consultation, product development, chemical production and import and export of chemicals and products from China. If you need to source from, or sell to China, chemicals, specialty chemicals, petrochemicals, polymers, solvents, intermediates, or organics; or if you're looking to break into this appealing market, **the new China Chemical Directory** will provide you with thousands of fresh business contacts – and help you keep track of old ones – quickly and easily. **This one directory** covers the entire Chinese chemical industries sector. Whether you are a product manager, in charge of marketing or simply interested to remain in touch with the latest developments in the Chinese chemical industry, this Directory will save you time and effort in finding the up-to-date information you need.

#### The China Chemical Directory will enable you to:
